PROFESSIONAL SUMMARY

Motivated Information Systems major pursuing a degree in Information Science with strong foundational knowledge in database management, systems analysis and IT infrastructure. I am proficient in SQL, Python and JavaScript. I am looking for an opportunity to leverage my diverse skills and gain more hands-on experience.

EDUCATION

Institution	Certificate	Duration
Charles Wesley High School	SGCSE	2016-2020
University of Eswatini	BSC in Information Science	2021-present

Related Coursework: Database Systems, Computer Programming, Software Development

RELEVANT EXPERIENCE

Library Systems Intern – University of Eswatini (July 2025)

- I was appointed team leader in my time at the university library. We digitized 4 months' worth of past newspapers in two weeks as a team of four.
- Worked on other information organization processes such as cataloguing and helping users with their needs.
- I gave constructive critic on the page for the digital newspapers which was applauded by the developer Dr Anbu in which he took it and made necessary changes to the website.

Website Development

- Worked with a team of 8 students on a school project to develop a digital library for farmers.
-

SKILLS

- Microsoft Office Suite (Word, Excel, Access, PowerPoint)
 - Communication Skills
 - Research and Report Writing
 - Database Management
 - Coding
 - Time Management
- Programing Languages:** C++, JAVA, Python, SQL
-
